## ALL-SECTION MEETING

### “AN OVERVIEW OF WEB SITE DESIGN AND CONSTRUCTION”

**Thursday December 3, 2009**

**Rattlesnake Club**

5:30 pm: Board Meeting 6:30 pm: Cocktails 7:00 pm: Dinner 8:00 pm: Program

The Practice Management Section will host our December 3, 2009 All-Section Meeting at the *Rattlesnake Club* in downtown Detroit. Section Director Dr. Oliver Marcotte will host a discussion of how a web site is designed and constructed including the secrets of web site optimization and tracking web site visitors. We hope to have additional presenters to join in the evening program presentation. Members who have an interest in this subject can attend the Practice Administration Meeting on Thursday Jan 21 for further discussions and sharing of web site ideas and experiences.

Members must submit a check in advance to place their reservation for this meeting. A benefit of membership is the return of your check when you attend the meeting. *Your net cost is zero!* Guests are welcome by reservation only – please send guest fees separate from your member check. We must receive your check(s) and reservation form by November 23, 2009.

## PRESIDENT'S MESSAGE

Our Clinic Club 2009 -2010 year has begun! Congratulations to our Board and Section Chairs for their hard work and planning for the coming year. Please return your dues statement as soon as possible with a current email address. We hope to send this newsletter and all meeting updates by email in the future.

We have instituted several new approaches this year. Sections will act as hosts for our three All-Section meetings. We will hold these meetings at the regular meeting locations of the sections to bring the general club membership to the section. This newsletter highlights the December meeting ("AN OVERVIEW OF WEB SITE DESIGN AND CONSTRUCTION"). The March 4, 2010 All-Section meetings will be hosted by the Implant Section on March 4, 2010 and by the Periodontic Section on May 6, 2010.

Our time, energy, and talents are being stretched by the needs of our practices, other dental organizations/meetings and our families. We are concerned that several sections have become inactive in recent years. The Board has recommended the merger of the Direct Restorative and Prosthodontic Sections to form a single section to be called *Restorative Dentistry*. It is our hope to reenergize these previously active sections to allow their reemergence as a viable section of the Clinic Club. If you can assist the reorganized Restorative Dentistry Section please call me to discuss your suggestions.

I am very sorry to report the passing of long-time members Dr. Henry E. Ebel and Dr. Joseph Gantz. Our condolences go out to their families and friends.

The DDCC has been in a state of transition for a number of years. We have watched a slow evolution from the "Clinic Club" (table clinic) tradition to the prevalence of a study club format at our meetings. Whatever we chose to refer to our club or however we conduct our meetings, the strength of the club lies in the individual sections and our members. With your help, we can continue to progress in a manner that helps us to achieve the objectives of the Clinic Club, advance the profession of dentistry and meet the needs of our members. As leaders in dentistry, we have an obligation to our profession. We have inherited a wonderful foundation in our Clinic Club from many hard working dentists that have come before us. Lets continue this tradition together in the coming year.

I am very proud of my membership in the Clinic Club and place a high value on the friendship I have developed. Please call me if you can help in any way, have a suggestion or criticism -we need to hear from you. We look forward to seeing you at our meetings this year !

With very best wishes,

Ed Sarkisian, DDS
