## **DETROIT DENTAL CLINIC CLUB All- SECTION MEETING**

**THURSDAY MAY 6, 2010**

**PLUM HOLLOW GOLF CLUB - SOUTHFIELD, MI**

## ***" DIAGNOSIS AND MANAGEMENT OF ROOT RESORPTION "***

Dr. Michael Hoen received a bachelor of science degree from the United States Military Academy at West Point, his dental degree from the University of Detroit, and endodontic certificate from the Walter Reed Army Medical Center in Washington DC. Dr. Hoen had a thirty year career in the United States Army and retired as a colonel in 1996. At that time, he was the only airborne ranger endodontist in the American Armed Forces. Dr Hoen has been a diplomat of the American

Board of Endodontics since 1990 and serves as a member of the ABE Board of Directors. In addition to being active in organized dentistry, he has authored numerous scientific articles, and lectured extensively at local, state, national and international levels. Dr. Hoen is currently the director of the graduate endodontic program at the University of Detroit Mercy School of Dentistry.

## **PRESIDENT'S REPORT**

Dear Colleagues,

We are working to publicize our Clinic Club within the dental community. An informational display at the 2010 MDA Spring Meeting will promote Clinic Club membership and introduce our activities. Recent graduates will be invited to attend meetings as our guest. The presence of senior students, graduate students and dental faculty at meetings this year has led to stimulating discussion. The hard work of Section Directors like Dr. Tim Kosinski (Implant Section) has led to substantial growth, attendance and participation. Invite your dental friends to attend – bring them as a guest.

The Board has appointed a special committee to review our Operating Guidelines, By-Laws and Constitution. Send your suggestions regarding any proposed changes to the Board. A report of their recommendations will be sent to membership by email prior to the annual June planning meeting

I have enjoyed the opportunity these past two years to serve as president of the Clinic Club. Thank you to each of my fellow Board Officers, Committee Chairs, Past-Presidents and Section Directors for their hard work. As with most committees we serve on, it's always about the people we work with along the way that is most rewarding. I've learned a great deal about dentistry and made wonderful friendships. Thank you!

With very best regards,

Ed Sarkisian, DDS
